

# Join the Kula Ring and the Department of Anthropology and Archaeology to celebrate!

 October 29-31, 2015

**When:** October 29, 2015 (all day!)

**Where:** The Kula Ring (ES 610)

**What:** lemur-themed crafts, cool trivia facts and contest, movie screening.

The main event will take place at 6:30pm in ES 614. **We'll be screening the Movie *Island of Lemurs***, with a follow-up question and answer period with Dr. Johnson from the Department of Anthropology and Archaeology at the University of Calgary. Dr. Johnson's research focuses on lemurs in Madagascar, so this is a great opportunity to ask him any questions you might have about his research, fieldwork, or lemurs in general! Dr. Johnson will be joined by PhD students Megan Aylward and Sheila Holmes, who have also been studying lemurs in Madagascar for the past five years.

We'll round out the night with a **trivia contest** featuring some **fantastic prizes**, a **raffle**, and a chance to learn about the primate diet with an educational (and delicious!) **lemur food buffet**.

All proceeds from the evening will be donated to **Planet Madagascar**, a Canadian charity founded by a former University of Calgary primatology student with the goal of conserving Madagascar's biodiversity while improving the lives of the people who live there.
