

II. World Lemur Day at Miskolc Zoo

29th October 2016.

The Lemur Day at the Miskolc Zoo in Miskolc, Hungary will feature a variety of educational activities centered around the zoo's species from Madagascar: the ring-tailed lemur family and female white-fronted lemurs, as well as the Madagascar hissing cockroach, gold dust day gecko, and Madagascan collared iguana. Guests will learn about these species and how to protect them, and can participate in a variety of fun activities for all ages.

Programs

- Feeding, enrichment or both? How can we activate the lemurs? Program in the lemur enclosure 11:00, 14:00, 15:00
- Lemur adoption (annual aid for the supply of lemurs) – all day program
- Topic desk: wildlife risk factors and conservation efforts, solutions – talking with the visitors about Madagascar – all day program
- Madagascar coloring for children – all day program
- Picture exhibition, made by a zoo volunteer
- Slideshow about the „Red Island”
- Books about Madagascar
